Docket No. 98N-1265 47 '99 MAR 24 10:15
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I want to retain my right to use a product that specifically meets my individual needs for hormone replacement. For years I refused to take the "mass-produced" products, risking my own health, until I learned of this choice. Please Keep BIG GOVERNMENT (lobbyists) out of my life.
